Diving Bonaire

Boat Dives, Shore Dives, Your Own Island Pace

Bonaire makes it easy to build a week around the diving you enjoy. Its western shore is lined with reef sites, while boat trips open up another view of the island and nearby Klein Bonaire. Look closely for reef fish among the sponges, follow the contours of the reef with your buddy, and leave time to enjoy the island above the water.

Our July 24-31, 2027 package combines seven nights at Buddy Dive Resort with nine boat dives, unlimited shore diving and free Nitrox for certified divers. A rental vehicle per condo helps you organize your shore-diving days, and daily breakfast and Bonaire airport transfers are included.

Stay in a two-bedroom condo with four travelers, based on double occupancy. Non-divers are welcome. Tim Haviland leads the UWW group; dive sites and daily plans depend on local conditions and the operator.

Dive Accident Insurance Required - Any Provider

Buddy Dive Resort

Buddy Dive puts the waterfront and dive operation close to your condo. The resort has air-conditioned bedrooms, kitchens, outdoor space, pools and a dive center with a drive-through tank station. Your package combines a vehicle per condo, boat dives and shore diving, so the group can plan its days around the conditions and interests of the divers.

Before You Go

What is the diving like?
Combine boat diving with buddy-team shore dives. The published package lists approximately 82 F water; actual conditions, site access and daily plans vary.

Can non-divers join?
Yes. The non-diver package is $1,230 per person, double occupancy, based on four travelers in a two-bedroom condo. Ask UWW about other room arrangements.

What paperwork and coverage do I need?
Complete the UWW travel waiver. Dive accident insurance from any provider is required; DAN membership is not required by UWW. Comprehensive trip and travel insurance is strongly recommended.
